Nearly finished home on 25 Acres.

Three bedrooms, two bathrooms with two kitchens this property can be one home or two separate living areas.

Don't get me wrong there's still a bit of work to do to finish the property and that is why the price reflects it. The current owner is a very keen seller.

Stand alone solar power although it could need some new batteries.

The mains are at the road side and a trench has been dug to connect it if it is wanted.

There a spa hidden under the entertaining deck.

Gas stove and hot water, two toilets and the septic finished.

Large shed/carport and two dams

Fenced on three sides, only need the front fenced.

Price: \$180,000
Type: Acreage/Semi-Rural
Sold Date: 2019-05-30
