## Two bedrooms, modern home, low maintenance & Lovely!

If your looking for a home that's like NEW this one is for you.

Two bedrooms with built-in robes and a outside room that could be used as a third bedroom currently used as hobby room.

Open plan living/dining and kitchen, the kitchen is just perfect, great fittings and fixtures, loads of cupboard space that is the full wall length and at night under light is quite a feature. The other end of the living room hides a surprise, behind the wall mounted flat screen hides an office just built for two!

The walk-through bathroom is well laid out and the shower is 1.2m x 1.2 base so you've got plenty of room.

Good size laundry with miles of storage.

The front verandah is an outdoor haven, built in cupboards, ceiling & wall fans, pull down blinds, sliding doors straight from the kitchen and one from the dining area, open it up and bring the outdoors in or the indoors out.

Good carport, work shed and a garden full of nooks with hiding spots and seating.

This home is well worth a viewing!
