LOVELY LITTLE MOUNTAIN HIDE AWAY ON 32 ACRES

LOVELY LITTLE MOUNTAIN HIDE AWAY ON 32 ACRES

Great little starter for a family 3 bedroom home just waiting to be renovated.

The home sits on 32 acres a few kilometres out of Mount Perry nestled in the rolling hills.

Good size bathroom and laundry, the kitchen is a blank canvas much like the rest of the house just waiting for your ideas and to be updated.

Large enclosed shaded area at the rear of the house just ideal for BBQ area or growing plants.

Two sheds are on the property one 12m x 3m and the other one 3m x 3m. Water is supplied to the house by 2 x 5000 gallon tanks and is supplied to the rest of the property from a dam and a bore. The wind mill on the bore requires some work.

This would be a great property to get your teeth into. \$275,000
