

340 Scrub Road MOUNT PERRY, QLD

 2  1

257.2 acres of Scrub Mountain cattle grazing country.

257.2 acres of Scrub Mountain cattle grazing country.

The owner has passed away so there's a lot of information we don't have. What we do have is a beautiful, picturesque hideaway, just outside Mount Perry.

The house needs a lot of work and over the last few years the property has been let go.

The Machinery shed is in good shape with water tanks connected.

The property is mostly fenced but we cannot guarantee the standard.

The property was previously used for mountain cattle grazing.

This is a chance to buy a large parcel of land and escape the city and all so secure an investment for the future because the property is under three titles and can be sold off for a profit.
